

Elementary Level:

The Child Guidance Center is hiring a .80 therapist to work in the outpatient school program. The position is full time from early August through May each year, with summer months and some time over the winter holiday off. This therapist will provide mental health therapeutic services to students at the elementary level as well as consultation and support to school personnel. To provide services to parents and families, some evening hours may be required. Generous training allowance and leave time in addition to summers off are benefits of this position. Experience working with children this age preferred. LMHP/PLMHP Licensure required. Equal Opportunity Employer.
